NOTICE OF NON-RESPONSIVE

- 1.** The reply filed on 18 October 2004 is not fully responsive to the prior Office Action because of the following matter:

The amendment represents a shift in invention which is not permissible. Claims added by amendment following action by the examiner, MPEP § 818.01, §818.02(a), to an invention other than previously claimed, is treated as indicated by 37 CFR 1.145. If, after an office action on an application, the applicant presents claims directed to an invention distinct from and independent of the invention previously claimed, the applicant will be required to restrict the claims to the invention previously claimed if the amendment is entered, subject to reconsideration and review as provided in §§ 1.143 and 1.144.

The newly amended claims are directed to an invention that is independent or distinct from the invention originally claimed. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, the amended claims have not been entered.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
